## CARD SECURITY

**Below you will find some of the features we offer on our credit cards:**

**Issue as many cards as you would like at no charge.**

**Replace Lost or Stolen cards at no charge.**

**Cards are made in our office immediately.**

**Issue cards to drivers or vehicles.**

**Drivers or card owners can pick their own pin numbers.**

**Alerts can be put on cards for multiple transactions.**

**Call in your lost or stolen card and it's locked out immediately.**

**Product Controls e.g., you can limit one card to gas & diesel or all products or just diesel or red diesel only. Each card can be different.**

**Time of Day and Day of Week feature e.g. this allows you to pick days of the week the card can be used each card can be different you can pick fueling times of 6am – 6pm therefore card will not work at 5am or 7pm you can pick days and hours as you want.**

**Cards set too limit too 1 fill per day or up to 99 fills in one day each card can be different e.g. if a drivers card is set too 2 fills per day when he comes back for a 3<sup>rd</sup> fill that day it will be declined.**

**Transactions and gallons per transaction limit e.g. card is set too 50 gallons driver cannot get 65 gallons each card can be different.**

**Online access to your cards 24/7 via the internet from your home, office or even the beach.**

**Every time a selected fuel card is authorized, declined or the sale is complete an email is sent to the designated pager, cell phone or computer. We call this feature card watch.**

**Invoices can be sent to your email or fax as soon as it is invoiced.**

**Online account access to all your invoices allows you to reprint and allows you to see your balances and payments.**

**We design the program too fit your fueling needs.**

**In the event your account is turned off for non-payment and your cards are shut off there  
Will be a \$50 reactivation fee too turn cards back on.**
